

Nonius and zero reference, aluminium, self-adhesive or with holes

Item description/product images

Description

Material:
aluminum.

Version:
Black anodized

Note:
Rigid design aluminum linear scales with self-adhesive back or with screw holes.
Cross section 15 x 2 mm.

Black anodized surface and high contrast graduations for legibility without shading.
The graduations are deep lasered.

- On request:**
- Zero mark lower right or center
 - Graduations upper right or both sides
 - Other lengths
